

2021 LEGISLATIVE AGENDA FOR BUSINESS

ARIZONA CHAMBER EXECUTIVES: LEADERS IN PUBLIC POLICY

Arizona Chamber Executives (ACE) represents the leaders of chambers of commerce across the state of Arizona. The ACE membership reflects the diverse communities that make up our great state. Each year, our membership collaborates to establish a legislative agenda for business. This agenda provides our organizations guiding principles for advocacy that best represent Arizona's businesses.

Members of ACE draft the legislative agenda, which is presented to the broader membership at our annual conference. The membership reviews and provides input, ensuring that each community's voice is heard and represented. The membership then votes to approve the agenda and establishes it as ACE's official priorities for the upcoming legislative session.

Throughout the year, ACE members and leaders participate in weekly policy calls to monitor legislation and determine necessary advocacy efforts. This public policy process is open to all members of the organization, ensuring that each Chamber is represented.

ACE members follow these principles when advocating for our member businesses at the local, state, and federal levels. Our objective is to create and maintain a regulatory environment in Arizona that allows businesses to grow and thrive.
